STATEMENT OF CONSENT OF PARTICIPATION FROM THE PARENT

With this statement, I _____ give my consent for my child _____, born on ___/___/_____, to participate in the Online Student Digital Creativity Competition “Integrity is Cool Competition”, organized by Fraud Line from Greece in partnership with Association EUNOIA Skopje.

I agree that my child will be under the care and supervision of the responsible teacher _____ from the school _____, with the phone number (+389)_____, and that this person will be responsible for my child’s safety and well-being during the activity.

I agree not to hold the organizers responsible and not to seek compensation if my child is injured during the activity. If my child causes or suffers damage, I declare that I will personally cover the compensation. This form releases the organizer, Association EUNOIA Skopje, and the persons engaged in this activity, including the teacher/s, from such claims.

At the same time, I declare and agree, of my own free will and based on full information, to give my consent for filming, photographing and recording (taken during the activity) in which my child appears — that they do not harm the image of the minor — to be used for participation in the contest, for project purposes, for promoting activities through social media and other media. The use of photographs and videos will not violate the provisions of the Law on Personal Data Protection.

I give this statement voluntarily.
